**TECHNOLOGY STAFFING**

Asante Alliance provides IT recruiting and staffing for technology firms in the western US. We provide concierge level service with strict attention to quality control and “fit” for our clients and our candidates. We love to work with rapidly growing IT companies as we understand early stage employees are mission critical and need to be a great fit for our client’s culture. Some key focus areas include:

- IT Management-CIO/CTO/CISO/VCISO (Interim and FTE)
- Project Managers
- DevOps (Development Operations)
- Network Infrastructure-Virtualization, Data Center, Administration, Engineering, LAN/WAN network, Voice
- Software Engineering
- Development Methodologies-Agile/Scrum and Waterfall
- Data and Analytics-Data Scientists and Analysts, BI, Database Administration and Development
- Technical Business Analysts and Sales Engineering
- Cyber Security-Architects, Analysts, Virtual Chief Information Security Officer (vCISO).

**DIFFERENTIATORS**

- Take the time to deeply understand our clients, their needs and their culture
- Deeply experienced resource pool and recruiters
- Full service staffing offering contract, contract to hire and full-time recruiting
- Independent and vendor neutral with a focus on the western market
- Able to recruit in geographically challenging areas
- Exceptional references and Quality Control Standards
- Small business status with leadership with over 20 years’ experience
